CLEVELAND MEN HERE

Board of Trade Has Another Industry on the String.

TO MANUFACTURE MACHINERY

Forest City Capitalists Closeted With Coshocton Leaders—Factory is Now a Possibility.

It is possible that another whistle may be added to Coshocton's industrial chorus. This time it is a machine works for the construction of stock and die machines Messrs. Anderson and Black, of Cleveland, were in consultation with the board of trade at a special meeting in Secretary Boyd's office this morning. The gentlemen laid their proposition before the board who received it favorably. They do not ask a bonus as do most of the concerns who harass Secretary Boyd with their money getting schemes. They desire to dispose of stock in the new concern to local capitalists and will take a large block themselves. They say it will be necessary to raise $25,000 before the industry could be started. It would probably be located in the board of trade third addition.

The members of the board listened to the project attentively and were favorably impressed. They agreed to assist the gentlemen in organizing a company and getting the stock subscribed. The Cleveland men have money and are willing to invest it.

CHURCH DIGNITARY HERE.

Class of Fourteen to be Confirmed by Bishop Leonard.

The Rt. Rev. W. A. Leonard, Bishop of the diocese of Ohio, arrived in the city today at 11:11 from Cleveland and was entertained at luncheon at the Elks' club by S. H. Nicholas and Dr. Lloyd, rector of Trinity church. This afternoon, together with Carl Hinig, the gentlemen drove to Mill Creek where the bishop confirmed Mrs. Barbara Bechtol and her daughter Miss Annie, members of Dr. Lloyd's mission church. The bishop and Dr. and Mrs. Lloyd will be entertained at dinner tonight by Mr. and Mrs. M. Q. Baker, and tonight at Trinity church on Third street a class of fourteen will be confirmed. The services will begin at 7:30. Bishop Leonard will preach the sermon.

MERRILL VALENTINE

Made Temporary Presiding Officer Over Novelty Workers Organization.

The meeting of the Federation of Novelty Workers at central labor hall Monday evening was well attended. An election of temporary officers was held which resulted as follows: President, Merrill Valentine; vice president, Peter Miller; treasurer, T. W. Cornell; secretary, Arthur Shaw. This was simply a preliminary meeting for making preparations to organize the first of the year. A committee of five was appointed to draft the by-laws. It consists of Harvey Hook, Charles Starkey, T. W. Cornell, Misses McKee and Fisher.

Sign of Prosperity.

Although the Premium manufacturing company increased their force of hands Monday, yet the company wants twelve more girls at once, and advertises in today's AGE to that end. The company is enjoying the best business in its history and is so crowded with orders that additional help is imperative. The concern is one of Coshocton's busiest institutions.

New Teacher.

Miss Alice M Kidd, of Chicago, has been selected by the board of education to take the place made vacant by the resignation of Miss Strauss. She begins Monday.

MANY WOMEN PRESENT

District Convention of Women's Relief Corps in Session.

WELCOME BY PRESIDENT BATCH

Number of Distinguished Officers of Noble Order Enrolled Among Visitors—Program Tonight.

One of the most interesting and enjoyable conventions in the history of the Woman's Relief Corps in the Fifth district, was held in the I. O. O. F. hall today. Delegates were present from Zanesville, Wooster, Mansaeld, Uhrichsville, Gnadenhutten, Dresden, New Philadelphia and other surrounding cities.

The convention was called to order by Mrs. Rose Batch, president of the Coshocton corps, who introduced the district president, Mrs Carrie J. Moore, of Zanesville. The following national and department officers were then introduced: Mrs. Isabella T Bagley, past national treasurer, Zanesville; Mrs. Ellen Applelaugh, department president, Wooster; Miss Virginia McLaughlin, department instituting and installing officer, Mansfield; Mrs. Samantha Armstrong, assistant inspector, Fredericksburg

District President Moore made a few brief remarks and filled the convention offices with the visiting members as follows: Conductors Misses Ella Shaw and Edith Suttle, Zanesville; senior vice president, Jerusha Demuth, Gnadenhutten; junior vice-president, Mrs. Leman, New Philadelphia; guard, Mrs. Shumacker, Dresden; assistant guard, Miss Jane Bassett, Coshocton.

Upon a motion by Mrs. Batch the convention was turned into an open meeting. Mrs. Batch delivered the address of welcome which received a warm response from Mrs. Isabella Bagley. Next came the reading of the yearly reports of the corps presidents and the reports of the delegate to the national convention. Mrs. Moore, of Zanesville. This was followed by the department president Mrs. Ellen Applebaugh. The meeting then adjourned until 1:30.

The afternoon's program of the executive session was as follows:

Devotional exercises: taking the password for next year; minutes of the morning's meeting; unfinished business; exemplification of ritual by the entertaining corps; passing of the question box; answering of questions by installing officers; selection of place for holding next convention; minutes of afternoon session.

Commencing at 7 o'clock the meeting this evening will be open to all their friends and every one is invited.

HOW WE WILL PROGRESS.

The publishers of THE AGE have received information from the Mergenthaler Linotype company that the composing machine which we ordered several months ago will be shipped on the 29th inst. If there shall be no delay in transit the machine will probably be installed and ready for operation about the second week in December. The DAILY AGE will then be enlarged to an 8-page paper, when we will be able to serve our readers with very much more news matter, both local and general. In short, we propose to give the people of Coshocton the best newspaper ever produced in an Ohio town of this size.

Disappointment in not getting the composing machine before this has delayed the execution of these long-laid plans.

COURT HOUSE.

Judge Maxwell in the case of John Hesket vs. the county treasurer to restrain the collection of taxes. A motion to dissolve the temporary injunction was sustained, but the tax penalty removed. Notice of appeal.

A motion to set aside service in the damage suit of Frazee vs. France, was overruled.

In the case of McNabb vs. Nellie school trustees. The court today overruled the demurrer to the petition.

In the case of Seasongood & Mayer vs. the city of Coshocton for the recovery of $1,000, the good faith money deposited by them for bonds. A motion was filed by Solicitor McDowell asking the court to require plaintiff to make petition more definite and certain. The court sustained the motion.

The suits of E. L. Lybarger, administrator vs. Sarah Ross et. al., in the matter of the estate of Philip Sterbeim were settled out of court by the payment of $500 to Mrs. Elizabeth Pharion and Mrs. Jennie Rice.

NEW CASES.

Edward R. McConnell vs H. B Miller to recover $175. R A Powelson attorney.

Willard F. Myser vs. city of Coshocton for equitable relief from assessments for Cambridge and Walnut street improvements. B. F. Voorhees, Pomerene & Pomerene, attorneys.

NOTES OF THE CLUBS.

Events Transpiring of Interest To The Women of Coshocton.

The Rathbone Sisters will hold a meeting this evening. The election of officers will take place and a full attendance is requested.

The Chautauqua circle met Monday evening with Mrs. E. C. Carr at her home on Chestnut. Roll call was answered as usual by current events. A discussion on "The Russian Jew in America," was led by Miss Mohler. A paper "Russia in the Tenth Century" was read by Miss Mabel Hazel. Another paper "How England Secured Gibraltar" was read by Miss Shirley Thompson. The lesson "Russell and Parliamentary Reform" was led by Miss Mabel Hamilton. Then followed a reading, a selection from Tennyson, by Mrs. W. J. Bahmer. The next meeting will be with Miss Pauline Weisser on North Fourth.

Thirty of the friends of Miss Laura Haas surprised her Saturday night at the home of Charles Brillhart near Warsaw and tendered her a handkerchief shower. Ice cream and cake was served and a very pleasant evening enjoyed.

The Woman's club will meet Wednesday afternoon with Mrs. H. R. McCurdy at her home on South Fourth.

Monday was the Seventieth birthday aniversary of Mrs. E. S. McDonald and the Daughters of Rebekah helped her celebrate it in the evening at her home on North Second. She was a most surprised lady when she answered the summons at her front door and about fifty ladies and gentlemen walked in. They brought with them a handsome willow rocker and a supper, the feature of the latter being the birthday cake with seventy candles on top a blowing contest of the lighted candles afterward creating much merriment. Mrs. Lynde blew out the most candles in one breath. Mrs. Glass won in the guessing contest. The guests were: Mr. and Mrs. Ezra Lynde, Mr. and Mrs. John Miller, Miss Lillian Miller, Mr. and Mrs. Edward Hunter, Miss Lucille Hunter, Mr. and Mrs. Frank Lighteil, Mr. and Mrs. Benj. Coe, Mr. and Mrs. Willis Fry, Mr. and Mrs. Joseph Keagy, Miss Bernice Keagy, Mr. and Mrs. John Peacock, Clarence Peacock, Mr. and Mrs. Joseph Wisenburg, Miss Grace Wisenburg, Mr. and Mrs. J. E. Glass, Mr. and Mrs. Harry Scrumaker, Mr. and Mrs. Joseph Wilson, Mr. and Mrs. Herbert McDonald, Mr. and Mrs. Charles McDonald, Mr. Mirise, Sam'l Snyder, Mrs. George Irwin, Mrs Robert Love, Mrs. Bunn, Mrs. F. Hagans, Mrs. L Crowthers and children, Mrs. Dr. Henneil, Miss Katie Thompkins, Miss Alice Judd, Miss Stella Judd.

Collegians Give Play.

The Webster literary society, of West Lafayette, gave a splendid evening's entertainment Saturday netting about $20. The four act drama "Dot the Miner's daughter," was put on very acceptably. Miss Clara Kohl making a charming "Dot." In a whirlwind curtain raiser, Sam Wilpret carried the house by storm as "Hans Von Smash." The actors all acquitted themselves creditably.

Seldon Pew has purchased the J. A. Compton lot on 9th street, 1st Board of trade and will erect a house at once. Dr. Bendure made the sale.

On account of Thanksgiving the W. & L. E. will make rates of $4 60 to Cleveland and return, Nov. 27 and 28, good returning Dec. 1.

PROOF OF THE PUDDING.

Once upon a time in campaign speeches, a certain secretary of state made certain prophecies regarding a new system of taxation to be employed. Mr. Laylin, for it was he, has just issued his annual report, and that part of it dealing with the tax collections under the Willis and Cole laws shows him to be a prophet to some purpose, and bears mute but eloquent tribute to the policies promulgated by the Republican party.

During the year 1,930 articles of incorporation were recorded and 2,708 miscellaneous certificates. The new incorporations include 612 manufacturing enterprises, 42 banks and building and loan, 22 railroads, 48 street and electric railways, 54 telegraph and telephone, 65 mining, 10 insurance, 94 gas and oil, and 20 building and loan associations. The total increase over the year before is 979.

The total capital stock of new companies was $106,334,440, and increases of capital $70,965,000, a total of $177,290,440, as compared with $204,972,890 the year before.

The receipts for the year for initial corporation fees, etc., were $242,231 60, an increase of $5,302.19.

The total receipts under the Willis bill taxing domestic incorporations were $428,008.53, and under the Cole law taxing foreign corporations, $157,940. The total receipts for the year from all sources were $830,662 54.

The special taxation laws brought in every cent that was expected and the total receipts are almost exactly what Secretary Laylin predicted in campaign speeches they would be. One effect of the operation of the Willis law is the reduction of excessive and unemployed capital stock of corporations. During the year these reductions amounted to $27,445.75. The increase of capital stock for the same period amounted to $70 965 000, showing that notwithstanding the effect of the Willis law, the total increases of capital stocks of corporations exceed the total reductions by $43 019,245.

Instead of the farmer paying the tax it is now borne by the big profit earning corporations; and they still prosper.

The football season terminates Thursday. That's one thing to be thankful for.

The cruiser Cincinnati beat four of the fastest cruisers and battleships in the navy in a long race. Of course she is from Ohio.

BOTH WERE KILLED.

Dying Man Shoots to Death the Man Who Killed Him.

Memphis, Nov. 25. — The body of Gerald, late manager of the Wilford plantation at Pinckney, Ark., was buried in Elmwood cemetery, this city. Gerald was one of the victims of a double tragedy enacted at Pinckney. Weaver Holmes, a negro engineer on the plantation, was beating his wife, when Gerald interfered. Weaver, who was intoxicated drew a revolver and shot Gerald twice. Miss Corinne Gerald, daughter of the manager, was standing by and as her father fell she caught him in her arms. With his last breath Gerald drew a revolver and with his left hand shot the negro, killing him instantly. Gerald died in a few minutes.

Kid Herman Defeated.

Chicago, Nov. 25. — Benny Yanger won a decision over Kid Herman in a six-round contest at the American Athletic club. It was Yanger's fight all the way. Yanger knocked his younger opponent down so often during the last three rounds that the performance became monotonous. The bell saved Herman from a knockout in both the fourth and fifth rounds.

Fatal Boiler Explosion.

McMinnville, Tenn., Nov. 25.—William Lowe and George W. Haley, Jr., were instantly killed, and John Haley fatally scalded by the explosion of a boiler in a grist mill at Clearmont.

CANTEEN QUESTION.

War Office Denies Effort to Change Public Opinion.

NO OFFICER COMMENDS ITS REMOVAL.

Great Majority of Soldiers Used Intoxicating Liquors Before Their Enlistment — Facts and Figures Given by Inspector General — Other Items From Washington.

Washington, Nov. 25.—The war department is in constant receipt of data concerning the canteen question and the effect of its solution on the army. Apropos of this statement is made at the department that only such information as has been contained in the reports of army officers upon the subject has been given to the public, and it is denied that any effort has been made to influence opinion on the matter. It is said at the department that the recommendations of the adjutant general in his annual report were based on information contained in these reports. It is pointed out that the existence of something like 1,400 saloons in the vicinity of the army posts is shown by the reports received at the department, [illegible] out of [illegible] of which are said to have been opened since the closing of the canteen.

This further statement is made at the department: "The majority of posts have reported that drunkenness and courtmartials for drunkenness have increased, that desertion and absence without leave have increased; that the effect of the closing of the canteen upon the morality, discipline and health of the troops has been bad and, while many post commanders are, in consequence of frequent changes of garrison and in absence of correct data upon which to base comparisons, unable to report as to the degree of detriment created by the closing of the canteen, it can be stated as an absolute fact that in no single case has a post commander expressed an opinion that the effect of the abolition [illegible] in the army has [illegible] improved [illegible] conditions."

With reference to the reports from the Philippines a statement has been made public at the war department epitomizing the annual report of Brigadier General Sanger, inspector general of the division of the Philippines. After narrating the evil effects on the human system of the native liquors, the statement continues: "The fear so often expressed by the opponents of the canteen system, that the sale of beer would initiate or induce habits of intemperance, General Sanger showed from a careful census of the 242 companies of troops in the Philippine Islands that in 40 companies every enlisted man used vinous, malt or spirituous liquors at date of enlistment; in 109 companies, between 90 and 100 per cent; in 38 companies, between 80 and 90 per cent; in 26 companies between 70 and 80 per cent; in 20 companies, between 60 and 70 per cent. Unfortunately quite a number of men habitually drink to excess, and as this number will probably increase if the men are obliged, as now, to resort to native liquors in order to satisfy what to many of them is a perfectly natural craving, the result will be most deplorable."

General Sanger concludes with the remark: "It is largely probable in view of this investigation, that congress will continue the prohibition against the canteen, when it is evident that the sale of beer would be a precaution against the pernicious habits above stated and their fatal and disastrous results."

Charge Against Carriers.

Washington, Nov. 25.—The United States civil service commission has started an investigation into the relations of J. C. Keller, president of the National Association of Letter Carriers, to the defeat for the re-election to congress of Hon. Eugene F Loud of California, chairman of the house committee on postoffices and post-roads. The charge has been made that Mr. Loud was defeated through the efforts of the letter carriers, assisted by the rural free delivery service employes, and that the efforts of the carriers toward the defeat of Mr. Loud were made because the California representative opposed an increase in pay for the letter carriers and the men engaged in the rural free delivery service.

Will Reduce Philippine Army.

Washington, Nov. 25.—Major General Adna R. Chaffee, who has just assumed command of the department of the east, after his long service in the Philippines, has reported to Secretary Root. He appeared in uniform and upon his arrival held an impromptu reception in the secretary's office. He had a long talk with Secretary Root about conditions in the Philippines with especial reference to the plans of the department for the reduction of the army there. As a result of his recommendations a general order relative to the methods of reducing the army will be issued.

President Will Go West.

Washington, Nov. 25. — Senator Cockrell of Missouri has invited President Roosevelt to attend the session of the National Live Stock association to be held in Kansas City on Jan 13. The president has expressed his sincere regret at his inability to accept the invitation, but said that after congress adjourned he expected to take a western trip, in which he would make Kansas City one of the points of his itinerary.

Prepare For Exposition.

St. Louis, Nov. 25.—Augustus Saint Gaudens, Daniel Chester French and [illegible] Quincy Adams Ward, [illegible] have arrived here. These gentlemen have been appointed a committee to advise regarding the sculptural scheme of the Louisiana Purchase exposition. They will confer with F. Wellington Ruckstuhl, chief of sculpture for the exposition. The sculptors spent considerable time examining the layout plan of the fair and its development of buildings with the view of advising regarding the sculpture treatment.

Threats of Death.

New York, Nov. 25.—William Becker, recently arrested in connection with a police investigation into the sending of threatening letters to local merchants, has been arrested on a charge of blackmail. The letters purported to be from Russian nihilists, and one contained a threat of death in red ink.

STRIKERS ARE KILLED

Eighty-two Persons Wounded In Havana Riot.

FATAL CONFLICT WITH POLICEMEN.

All the Unions Join In Cigarmakers' Strike Except Streetcar Employes, Who Are Assaulted and the Cars Stoned — Police Officers Receive Serious Injuries — An All-Day Battle.

Havana, Nov. 25.—Two strikers are dead and 8[illegible] persons were wounded in a serious conflict that waged throughout the day between the police and the mob [illegible]. Five of the wounded, [illegible] lieutenant of police, whose throat was cut by a striker, have very severe injuries. Eight other policemen are wounded.

The mayor of Havana and the secretary of [illegible] Diego Tamayo, have during the last week openly sympathized with the strikers, and had given orders to the police not to use force in dispersing the crowds, and under these conditions the police were unable to cope with the strikers.

The strike which at first only concerned the cigar workers, became general by the joining of all trades in sympathy with the cigarmakers. All the trades people closed their doors. Cooks, cooks and every class of workmen having obeyed the command of the union except the motormen and conductors of the electric cars, who refused to join in the general strike.

Trouble began early by the holding up of the electric cars by the strikers, whose wrath naturally was directed against the street railroad employes. Several cars were held up and stoned in the outskirts of the city and the passengers were compelled to walk into Havana among these being the British and German ministers. Several cars were attacked and some motormen and conductors were injured during these occurrences. The car men, however, continued running their cars until a suspension of traffic was ordered by officials. The employes were willing to remain at work, but the officers of the company in order to protect the property deemed it wise to suspend the service. The streetcar officials asked for protection from the civil governor, but the authorities were unable to protect the public vehicles. A mob of strikers drove the men on the Western railroad from the trains during the morning.

The situation was approaching a critical point, serious disorders having taken place in front of the palace itself, in which a police officer named Maso and a number of policemen and strikers received injuries, when President Palma sent word to the mayor that unless the city authorities could preserve order and protect the railroad company the state would intervene. The mayor then took drastic measures and issued an edict prohibiting crowds from gathering in the streets and authorizing the chief of police to kill, if such action should be necessary to preserve order.

The strikers had become emboldened and frequent clashes between them and the police occurred in all parts of the city. The police were obliged to charge a mob of rioters at the slaughter house and several rioters were injured. The vigorous attitude of the police made itself felt and traffic on the car lines, which had been suspended only for brief period, was resumed with only occasional interruptions. Most of the injuries sustained by the strikers were caused by the policemen's clubs.

The Central Veterans' union, headed by General Gomez, held a meeting and sent word to the labor unions that if the disorders continued the veterans would offer their services to President Palma to preserve order. No bread or meat was on sale, and a continuance of the strike will cause much suffering to the poor. The police fear that more trouble may occur in the city and a detachment of rural guards is expected to reach Havana. The police have rioters well under control, but every precaution is being taken to prevent a further outbreak of disorder and all the police and rural guards in the suburbs have been summoned to concentrate in Havana.

General Miles' Opinion.

Manila, Nov 25. — Lieutenant General Miles will leave here for China, Japan and Russia at the end of the week. Discussing the Philippines, he said: "I have seen 13,000 of our troops and will inspect more of them before leaving. I found them to be in fair condition. This is a hard country for campaigning. I inspected the principal natural defenses of the islands and some of the harbors which the government may fortify. I found the people generally impoverished from the effects of the war and the pestilence which followed it, and I fear some may suffer from famine. The dearth of farm animals leaves the people no means of recovery."

Conference Denied.

New York, Nov 25.—John Markle, the independent coal operator, has visited the offices of at least two of the coal road presidents in the city with reference to a conference between the independent and the large operators. It was said at the office of President Fowler that he told Mr. Markle that he knew of no arrangements for a conference with the independent operator. At the offices of the other coal road presidents the statement was made that no call had been received from any independent operator and that no definite arrangements for a conference were known.

Don't Treat Symptoms

Go after the cause. Stimulants and cathartics will never cure indigestion. They may temporarily relieve the system but the next meal clogs it again. The food should be digested. The nourishment—health—strength it contains should be appropriated—absorbed by the system.

Children Thrive on Kodol

KODOL

purifies, cleanses, strengthens and sweetens the stomach. This new discovery digests all classes of food and assists the stomach and digestive organs in assimilating and transforming it into the kind of nourishment that is taken up by the blood and fed to the tissues throughout the various organs of the body. Kodol cures indigestion and dyspepsia, thus removing the cause of all stomach troubles. Kodol gives such strength to the body that it is invaluable in all wasting diseases.

"I wish to thank you for what Kodol has done for me," writes Clifton Girton, Collett, Ind. "It cured me of dyspepsia after everything else had failed. When I tried Kodol it helped me right away. I cheerfully recommend it."

EXPECT PROPOSITION

Miners' Leader Summoned to Washington Conference.

TO MEET WITH OPERATORS' COUNSEL

Basis of Proposed Settlement Will Probably Be Made to Present Mitchell by Attorneys for Big Companies—Individual Operators to Confer With Large Mine Owners.

Scranton, Pa., Nov. 25.—It is very probable that at a meeting, which has just been arranged between Attorney Wayne MacVeagh and Mr. Mitchell, and which will be held in Washington, that the operators through their attorney will present to Mr. Mitchell ... for a settlement of the existing differences. The independent operators' committee expect to soon hold a conference with the presidents of the coal-carrying roads regarding the position of the individual companies, and at the same time a meeting between Wayne MacVeagh and possibly other attorneys will be held in the national capital.

The independents have gone to New York to find out what the large companies can do for them in the way of freight rates in case an increase in wages is decided upon. The mine workers' representatives went to Washington to find out what the large companies had to offer. Both ardently wish for success, but it was not within their power to say what will be the outcome.

The mission of the independent operators to New York is best expressed in a statement made by one of the representatives of small companies, who said: The independent operator has no income beyond the profits derived from mining coal. When the mining of coal and the breaker is stopped his revenues also cease, but the expense in maintaining the property goes on. The large companies, owned by the railroads, depend on their freight rates to maintain their collieries while in idleness. The independent companies are paying the miners as much now as they can afford, and if an increase in wages is granted by the large companies, the large companies must give the independents a lower freight rate to meet the increase in wages. This is the mission of the committee. If they refuse to make a concession in freight rates or its equivalent then it is probable the independent companies will insist upon the whole matter being thr shed out before the commission. The independent companies feel they have a good case and are willing to leave it to the commission. Mr. Mitchell in his testimony before the commission last week said that $600 a year would be a fair American standard of living wages. Some of the independent companies are paying an average of over $700 a year, while the large companies are paying under those figures. Therefore, if a 10 per cent increase is agreed upon, the amount of money to be paid to the men by the independents would be greater than that of the large companies."

Although the miners' representatives did not know why they were summoned to Washington they believe the companies have something to offer. Wayne MacVeagh has been in telegraphic communication with Clarence S. Darrow, Mr. Mitchell's leading attorney, and later Mr. MacVeagh called him up on the long distance telephone from Philadelphia. Mr MacVeagh said he wished to have a conference with Mr. Mitchell and himself and desired that they meet in Washington. Mr. Darrow said that Mr MacVeagh did not tell him what he wanted the conference for, but he felt that Mr. MacVeagh would not summon them to the national capital if he were not qualified or clothed with authority to carry on negotiations. Mr. Mitchell's party has left here for Washington. From Washington it is expected the party will go to New York, returning here Friday. Before leaving Mr. Mitchell held a conference with his district presidents, Messrs. Nichols, Duffy and Fahy. The nature of it could not be learned. The district officials of the union now here will remain in the city. The larger part of the committee of independent operators have left for New York.

Several of the resident attorneys of the large companies have also gone to New York, departing for the purpose of conferring with the head of the corporations they represent. They pleaded ignorance as to any developments in the situation, saying they were going to the metropolis to get information. Nothing was done here looking towards a settlement of the existing differences without the aid of the strike commission. The outlook for a settlement remains hopeful, in fact more hopeful than ever. The "conciliation" or subcommittee of the commission, Messrs. Parker, Watkins and Clark, was at headquarters all day, but was not called upon to offer its conciliatory assistance to either side. There is some talk here of having congress enact a law making a permanent board of arbitration of the coal strike commission, but nothing definite in this line has been done.

DECLARE AGAINST MORMON.

Resolutions Oppose Election of Apostle Smoot to Senate.

Salt Lake City, Nov. 25.—The Ministerial Alliance of Salt Lake City has adopted resolutions strongly opposing the proposed election to the United States senate of Reed Smoot, one of the twelve apostles of the Mormon church. A copy of the resolutions will be sent to every ministerial aliance of prominence in the country at once, and also probably to President Roosevelt, every congressman and United States senator and others prominent in political life.

Russian Set at Liberty.

Paris, Nov. 25.—The Gore tragedy was presented in a dramatic aspect when the French officials took De Rydzewski to the scene of the occurrence and compelled him to re-enact every detail of the affair, this being done under the practice of the French law, which requires the reconstruction of the tragedy in the presence of officials under exactly the same conditions as it was originally enacted. The chamber was arranged as it was thought to be on the fatal night and the same weapon placed in De Rydzewski's hand to act out his version. As far as known the prisoner re-enacted the final scene, giving complete details as to the positions of Mrs. Gore and himself. He said that he was lying on the bed, fully dressed, while Mrs. Gore was seated at the foot of the bed, her feet hanging down on the side nearest the wall and her head thrown backwards on the feather quilt, which had been rolled to form a cushion. Wishing to take something from the night table, he said he knocked off the revolver, which went off, and the bullet struck Mrs. Gore in the face. As the bullet was found buried in the hair of the victim it is impossible to verify the direction taken by the missile otherwise than by the wound. As a result of the examination the examining magistrate has decided to set De Rydzewski at liberty provisionally.

Carry Contest to Congress.

Guthrie, O. T., Nov. 25.—The territorial election board has issued a certificate of election to B. S. McGuire, the Republican candidate for delegate to congress, placing his majority at 334 over W. M. Cross (Dem.). Cross' papers of contest are ready to be filed when congress convenes. The certificates of election were also issued and show the legislative majority to be one Democrat.

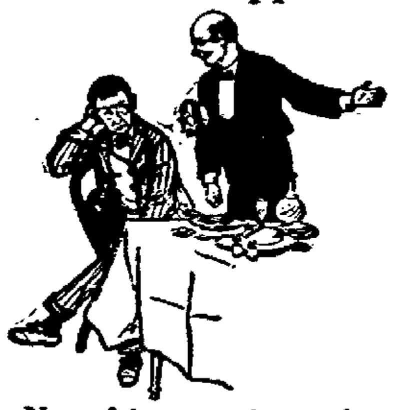

Bullfight Declared Off.

Kansas City, Nov. 25.—Chief of Police Hayes has announced that the bullfight scheduled to take place in the convention hall would not be permitted. The tanbark ring has been placed in the hall, bulls and matadors from Mexico are in the city, and everything was ready for the fight when the promoters were informed that the stern hand of the law would not permit it.

Aged Couple Burned to Death.

Hesperia, Mich., Nov. 25.—Mrs. Walter Knickerbocker, 68, living at Mena creek, was burned to death, and her husband, aged 80, was fatally burned in a fire that partly destroyed their residence. Mrs. Knickerbocker was in the barn when the fire broke out and ran into the burning house and up stairs to get a trunk that contained $300.

What would you give for a Good Appetite?

Not a false appetite, such as is aroused by powerful and deadly drugs like strychnia, quinine and nux vomica, but a healthy appetite for good food?

As our old doctor used to say, "If you can't eat, you can't work," and we might add, "or play either."

We are very sure that Vinol will find your lost appetite. It will arouse the vital organs to call for wholesome food and help them to absorb it.

Vinol is a non-secret union of the valuable principles of organic iron, cod liver oil and a good table wine.

It is pleasant to take, and both nourishes and creates an appetite for nourishment.

Preserving Railway Ties.

Experiments are being made in Germany with beech as a material for railway ties, says the New York Commercial Advertiser. It has been found that without preservative treatment such ties are apt to rot internally, though they may be apparently sound on the exterior. On the Alsace-Lorraine lines favorable results have been obtained with creosoted beech ties, which have shown an average life of nineteen and a half years, while others preserved with zinc chloride have proved still more satisfactory, their life being twenty-one and a half years.

A Treat For Delhi Women.

At the suggestion of Lady Curzon, the American wife of the viceroy of India, provision has been made for the "secluded women" of the princely houses of Delhi to view the coming coronation durbar, or celebration, says the New York Evening Post. A portion of the amphitheater is to have a latticed screen, behind which these women may sit unprofaned by public gaze.

New Diamond Fields.

It has been reported that new and very rich diamond fields have been discovered in South Africa. A strike of rich ground at Windsorton in the Kimberley district is attracting the attention of diggers. The diamonds found are of excellent quality and include two of 157 and 126 carats respectively. The average value is 100 shillings to a carat.

FROM PARIS TO PEKING.

Through Train Service Discussed by Railway Men.

United States Consul Haynes, at Rouen, has advised the state department at Washington of a recent meeting in Paris of the directors and representatives of French, Belgian, Dutch, German, Austrian and English railways to make arrangements for a through train service from Paris to Peking. Going by way of St. Petersburg and Siberia, the trip can be made in eighteen or nineteen days, the sea route by the Suez canal or the Atlantic and Vancouver requiring from ten to eleven days longer. As soon as time table connections can be arranged and cities selected for the sale of tickets it is said the transatlantic companies can state before boats leave New York whether or not connection will be made with through trains to the orient. A similar arrangement will be made for the daily service between Southampton and Paris.

Consul Haynes also reports the projected combination with the transAmerican railroads and transpacific lines, enabling the sale at New York of round trip tickets from that point to Peking, with the privilege of going by the Pacific and returning by the transsiberian route or vice versa.

A Record Trip From Manila.

A record round trip to Manila, calling at Guam on the outward passage, has recently been made by the transport Sheridan, says the San Francisco Chronicle. When the big troop ship entered the Golden Gate, she had been steaming exactly fifty-four days, having left San Francisco Sept. 1. Fog detained her ... that port for a day. ... In spite of this detention the time to Manila by way of Guam was only twenty-two days and eleven hours. Leaving Manila Oct. 1, there was a detention in quarantine at Mariveles for five days. The trip home was made in twenty-five days, via Nagasaki, seventeen days. The best previous round trip over the same route was made by the Grant, which occupied fifty-seven days.

Must Learn to Shoot.

Chicago, Nov. 25.—Train robbery as an industry is to be throttled through concerted action of railroad and express companies operating from headquarters scattered throughout the middle west. Local officials of some of the roads directly interested through incidents of this character which are of recent origin have been spurred to drastic measures. The Davenport robbery of the fast Chicago, Rock Island and Pacific train was the straw that broke the camel's back. The railroad company, in conjunction with the United States Express company, has issued a joint reward of $5,000 for the arrest and conviction of the men who robbed their train early Saturday morning. In addition the Burlington officials announced that a dead train robber would be worth $1,000 to any of its employes. "We have given all our trainmen to understand," said F. A. Delano, general manager of the Burlington road, "and also the express messengers, that a dead train robber is worth $1,000 to any of them. All of our conductors and trainmen carry revolvers, and we are encouraging them to do so and to learn to shoot straight."

Arrange For the Cable.

Washington, Nov. 25.—The arrangements by which the deep sea soundings and surveys made by the Nero under the direction of the navy department are to be turned over to the Commercial Cable company for use in laying cables beyond the Hawaiian Islands have been completed. The experts of the cable company examined the charts at the department and expressed themselves as highly gratified with the thoroughness of the work. Duplicate sets of the charts have been prepared and will be turned over to the company as soon as the contract prepared by the attorney general is signed. This will be in a few days. The only provision of the terms laid down by the government to which the company took exception was that providing for American operatives. This was modified at the request of the company to provide for American operatives when obtainable. The charts will carry the cable beyond the Hawaiian Islands to Midway island and from Midway island to Guam. From Guam two links will extend, one to Manilla and the other to Yokohama.

Furnaces Without Coke.

Sharon, Pa., Nov. 25.—Charles Hart, district manager of the Republic Iron and Steel company's blast furnaces, has stated that every furnace, with the exception of the Mahoning Valley stack at Youngstown, is out of blast on account of the inability to secure coke. He said the prospects are anything but encouraging for a general resumption.

Condition Grows Serious.

Chicago, Nov. 25.—John Dillon, the Irish leader, who became ill at the Grand Pacific hotel, has suffered a relapse. While his physicians say there is little likelihood that his condition will become alarming, they are in almost constant attendance upon him, as they fear another turn for the worse.

Demanded an Apology.

Alexandria, La., Nov. 25.—Thomas O. Planche, a prominent young lawyer of Marksville, shot and killed Rizmore L Barbin at that place. The men had quarreled Sunday night. When they met Planche demanded an apology, which Barbin declined to give. Planche was sent here for safe keeping.

Blood Wine Prolongs Your Life

In Bath, Me., there is an institution for people of advanced years, where every comfort is provided, and every [illegible] taken to prolong the lives of the [illegible]. "Blood Wine" is used for [illegible] troubles, and statistics show [illegible] since its introduction there about a year ago, the percentage of sickness has been greatly reduced. "Blood Wine" is, beyond doubt, a grand thing for aged people. It increases the appetite, tones up the nerves, nourishes the weakened tissues, and brings back to a remarkable degree the strength and vitality of youth. Mrs. M. C. Weston, whose motherly face we give above, is an inmate of the Home and has been so pleased with "Blood Wine" that she recently wrote these few short lines, which, however, convey a truth that couldn't be made stronger in a whole page:

"I have taken six bottles of 'Blood Wine,' and know that it is excellent for aged people. I was greatly benefited after one bottle."

One bottle of "Blood Wine," costing fifty cents, will quickly convince any one that Mrs. Weston has not over estimated its worth one mite. It is a wonderful str[ength] producer for elderly people.

Garb For Naval Prisoners.

Washington, Nov. 25.—The navy department has decided upon a distinctive prison garb for marines and enlisted men in the navy. It will be a plain, dark-gray uniform, blouse and trousers, with a round-brimmed soft hat of the same hue. Heretofore enlisted men serving terms in naval prisons have worn their old uniforms. This was regarded as hard upon the other men in the service and the prison uniforms were decided upon.

Laborers Killed.

Denison, Tex., Nov. 25.—The opening of a switch in the Sealey, I. T., yards of the Frisco while a northbound extra was passing caused the latter half of the extra to leave the track. The derailed cars plunged across the yard and ploughed into a string of boarding cars on the siding, where 75 laborers were quartered. Two were killed and 15 injured. The dead are Dan Lynch and James Brophy.

Civil Service For Late War Veterans.

Washington, Nov. 25.—Colonel Emmet Urell, commander-in-chief of the Spanish War veterans, accompanied by Fred C. Hodgson and G. Leyburn Sherry, officials of the organization, have urged the president to place under the civil service all the Spanish war veterans who are now serving the government in a clerical capacity in the Philippines. President Roosevelt promised to consider the request.

HEAT IS POPULAR.

People Taking Kindly to Heat Without Dirt and Ashes.

No new institution ever established in Coshocton has become more popular than the central system of heating as is evidenced by the fact, scarcely a year old, 50 residences and a score of offices and business rooms are being heated from the central station. A gang of 22 men is employed constantly and has been for several months installing the system in residences and buildings all over the city, and still people are clamoring for greater speed in the work, fearful of being caught by the nipping weather without the heat with which all the trouble is confined to the simple operation of turning a wheel. Those now connected with the service are:

CURTAIN CAUGHT FIRE.

End of Match Ignites Filmy Material in Hay Home.

Mrs. Houston Hay, who resides on Walnut street, received a nervous shock Monday evening from which she has scarcely recovered. She had gone into the bathroom in the evening and lighted the gas. A piece of the lighted brimstone of the match flew into the curtains that drape the window. Mrs. Hay went out of the room for a moment and was horrified upon her return to find the curtains ablaze. With presence of mind she dashed water upon the curtains until the flames were extinguished and but little damage was done.

"Uncle Joe" Cannon's Dilemma.

"Oh, the boys won't do a thing to 'Uncle Joe' Cannon and the appropriations committee this session!" said an observer of the speakership contest the other day to a Washington correspondent of the New York Tribune. "Just think of how the fellows he has 'turned down' will go for him when congress meets! I can just see them now, first giving out a little interview declaring themselves as still on the fence on the speakership candidacy and then going around to 'Uncle Joe' and saying, 'Well, now, how about that little matter—that appropriation for my district I have been trying to get into the sundry civil bill for so long?' Huh! It seems to me they will have 'Uncle Joe' between the devil and the deep blue sea. I don't know which would be harder for him to do—to have to give up some of those appropriations he has denied the boys or see the votes slipping away from him. I [illegible] kind of rough on 'Uncle Joe,' but it will be nuts for the boys."

FURS! [illegible]

A few words about fur scarfs that will be interesting to fur buyers. The matter of purchasing furs is peculiar for several reasons: Namely, the merchant who buys furs right and gets his furs perfect, must buy very early in the season. The H. H. Griggs Company, with which we are associated, bought early in the season, nearly one quarter of a million of dollars worth of furs, to be made up during the early season from the choicest skins. Naturally as the season progresses the stock of raw skins diminishes and later buyers must take what is left. Another strong reason is no manufacturer can produce finished furs today at the same cost he did early in the season. These are sufficient reasons why we buy our furs early and in large quantities. We have in stock today the largest line we have ever had. Embracing everything from a Coney at 75c up to the finest Sable and Martin. Compare our prices on furs with any on the market, that is all we ask.

Our furs are all perfect. No bad skins used and no imperfections. We carefully inspect every piece and return any fur that is not absolutely perfect. We do not offer any piece to our trade that is not the very best to be had in its class.

When you are ready to buy furs give our line your attention. It means much to you.

Come to the Fountain for your Dry Goods, Carpets and ready to wear garments. You will not be disappointed. We will give you the very best of everything on the market for the money.
